Join Us for Networking, a Great Speaker, and a Community Service Project

This is a special event tailored to women leaders in Tech, including CEOs, General Managers, Presidents, Owner/Founders, and Managing/Operating Partners within PE companies. Celebrating the amazing talent that female leaders bring to the Tech space, we hope to educate, inspire, discuss, while also using this as an opportunity to give back.

As part of this event, we will be building a **KITCHEN PACK** take-home gift for families that are working with Bridging to furnish their homes once they've gained housing security. Bridging's mission is to provide basic home essentials to over 5,000 households annually.

You can learn more about their work here: [More About Bridging](#)

Agenda

- 5:00 – 5:30 Drinks, appetizers and networking
- 5:30 – 6:00 Shining Through for Women in Tech - invited speaker, Julie Foster
- 6:00 – 6:15 Q&A
- 6:15 – 7:00 Community Service project and further opportunities for networking, food and beverage

About the Speaker

Julie Foster

Julie is a trailblazing executive with over 30 years of experience in Medtech and Biotech. As a former COO of Cerebral Therapeutics and a 35-year Medtronic veteran, Julie has been at the forefront of technological innovation in healthcare. Her expertise in managing multi-billion dollar global businesses and transforming company cultures makes her an invaluable voice in the tech industry.

Don't miss this opportunity to connect with a true pioneer who has successfully navigated the intersection of technology and healthcare, inspiring women leaders across the field. Julie's insights on innovation, leadership, and breaking barriers in tech are sure to energize and motivate. Join us for an evening of empowerment and networking with one of tech's most accomplished women leaders.
